# PREFACE

The proceedings of the 1st International Nursing Conference constitute one of the outcomes of the 1st International Nursing Conference organized by the Nursing Science Program of STIKes Maluku Husada, held on December 18, 2025. The theme of this conference was "The Role of Nursing in Transforming Coastal Community Health: From Research to Practice".

The organizing committee selected a total of 17 papers deemed eligible for publication, contributed by presenters from two countries: 2 presenters from Timor-Leste and 15 from Indonesia, representing Ambon, Central Java, East Nusa Tenggara, and Dili. Through a peer review process, these papers were reviewed by the editorial team to ensure their suitability for publication. The papers included in these proceedings focus on the field of health.

We would like to express our sincere gratitude to Prof. Dr. Amel Dawod Kamel Gouda as the keynote speaker; Prof. Dr. Sandeep Poddar as the second speaker; Dr. Domingos Soares, S.Kep., Ns., MM., M.Enf as the third speaker; Ns. Satriya Pranata, S.Kep., M.Kep., PhD as the fourth speaker; and Dr. Sahrir Sillehu, S.KM., M.Kes as the fifth speaker. We also extend our appreciation to Dr. Apt. Lukman La Basy, S.Farm., M.Sc as the Chair of STIKes Maluku Husada, as well as to all parties who have provided their support.

We would also like to express our deepest appreciation to the members of the Editorial Team for their dedication in reviewing the manuscripts in their respective fields and for providing valuable input to improve the quality of the papers selected for publication. Our sincere thanks are also extended to the organizing committee for their hard work throughout the processes of manuscript collection, editing, and publication.

We hope that the proceedings of the 1st International Nursing Conference will contribute to enriching, complementing, and advancing knowledge and technology in the field of health.
